BAIT BOX EASYCHECK

The Easycheck bait box combines modern design with practical functionality, specially designed for effective pest control. The transparent lid makes it easy to check the contents (bait) without opening the box.

Made from high-quality PP, this bait box features an anti-reflective coating and unique "Deep Dark Technology" that makes it both durable and discreet.

More effective and easier pest control

Transparent and therefore easy to monitor.

Able to use pasta, cereals and blocks at the same time.

Extremely robust, it can withstand all weather conditions.

Includes a rat trap.

Where you can't use rodenticides, a rat trap will do the trick.
