

# PEST-STOP

# REFLECT-A-BIRD™

WIND-POWERED SPINNING VISUAL BIRD DETERRENT

## Serious about pest control

Reflect-A-Bird™ is a silent wind-powered spinning visual bird deterrent that effectively scares birds away. The Reflect-A-Bird™'s mirror-like design uses sunlight and wind to create a distraction zone that confuses pest birds causing them to flee the area. The weatherproof aluminium and plastic construction make this bird deterrent ideal for outdoor use. For best results, use Reflect-A-Bird™ in conjunction with other visual or physical bird deterrents.

|               |  |
|---------------|--|
| Bird Species  | All birds  |
| Where to Use  | Buildings, boats, domestic and agricultural settings |
| Material      | Weatherproof aluminium and plastic                   |
| Bird Pressure | Light to Medium                                      |

### ADVANTAGES & BENEFITS

- Silent, economical humane bird deterrent
- Uses wind, sunlight, and reflective flashes to scare birds away
- Great for use on buildings, boats and within domestic and agricultural settings
- Made of durable aluminium and plastic for outdoor use
- Easy to install, extremely effective
- Angled design (up to 90 degrees) allows Reflect-A-Bird™ to be installed in various directions
- Can be glued, screwed, or tied down to flat surfaces
- Effectively deters pigeons, sparrows, starlings, seagulls, and more!
